

ENVELOPE BUNNY TREAT BAGS

These easily crafted bunny envelopes will bring a smile to anyone at Easter. They're the perfect size to fill with Easter cookies or mini chocolate eggs, and they take only minutes to make.

YOU WILL NEED

C6 envelopes - any colour

Scissors

PVA glue

Pom poms

Black pen or pencil

Coloured card

Googly eyes

Something to fill them with

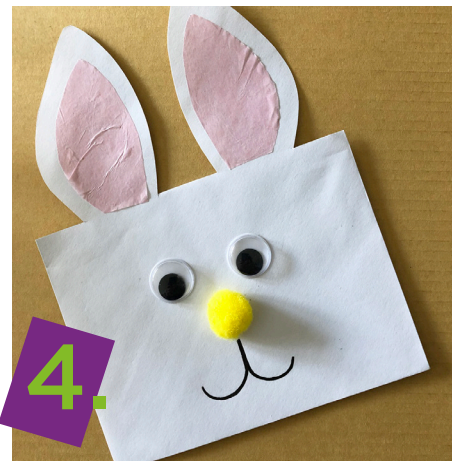

Seal the envelope flap and draw a straight line across the back of the envelope just above the centre line. Add two bunny ears.

Cut along the outline through both sides of the envelope, then remove the extra bunny ears on the back of the envelope.

Use the pom poms, googly eyes and black pen or pencil to decorate. No googly eyes? Use some coloured card for the eyes or simply draw them on.

If you only have white envelopes, you can dress them up by gluing tissue paper to the front side before cutting the bunny shape.
