habit tracker

CREATINGhealthyHABITS

Let's start the new year on a positive!

Setting goals and preparing for the future can seem overwhelming, but below are some golden nuggets to help you stay focused and embrace healthier habits that will be sustainable in the long run.

START OFF SMALL

Instead of overwhelming yourself, take small, achievable steps. For example: Having a lunchtime walk everyday or taking the stairs instead of the lift.

SET CLEAR GOALS

Set precise, measurable, and realistic goals to kickstart your motivation and stay on track. Skip vague goals like "to eat well" and aim for specifics like "I will consume 30g of fibre daily".

REWARD YOURSELF

Celebrate your successes, big or small! Rewards can provide positive reinforcement for all your effort; just be mindful that they align with your overall goals.

LEARN FROM SETBACKS

Don't be too hard on yourself if you slip up. Instead, see it as an opportunity to gain experience, analyse setbacks, and adjust your strategy.

CONSISTENCY IS KEY

Consistency leads to long-term

success! Habit trackers

encourage daily actions, forming the habits necessary

to achieve your goals.

SELF CARE

Prioritise self-care, including sufficient sleep, stress management and overall well-being to make maintaining healthy habits easier.

SOCIAL SUPPORT

Share your goals with supportive friends and family or join like-minded groups for additional motivation and accountability.

It's important to keep in mind that everyone's journey is unique, and what may work for one may not work for another. Don't be afraid to try out different strategies to find what works best for you in creating and maintaining healthy habits.

Nutrition CHEAT SHEET

WHAT COUNTS TOWARDS YOUR 5ADAY?

- Fresh, frozen or tinned fruit and vegetables. (When choosing tinned, choose those in natural juices or water to reduce the sugar content)
- Dried fruit (be mindful of portion sizes)
- Fruit juices and smoothies: opt for no more than 150ml

WHOLEGRAIN FOODS INCLUDE

- Oats
- Quinoa
- Barley
- Bulgur wheat
- Farro
- Popcorn
- Wild rice
- Brown rice
- Red rice
 Wholemeal flour
 Wholegrain
- cereal
- Wholemeal bread
- Pasta or cracker

STAY HYDRATED

Aim for 1.5-2 litres daily (6-8 glasses) This varies based on age, weight, activity, and climate.

What counts? Water is best, but tea, coffee, milk, and limited fruit juice (150ml daily) also help. Watch out for added calories, fat, and sugar in non-water drinks.

WHAT'S CONSIDERED AN OILY FISH?

- Salmon
- Mackerel
- Anchovies
- Sardines
- Trout
- Herring
- Whitebait
- Pilchards

These can be fresh, frozen or tinned!

WAYS TO TOP UP YOUR FIBRE

- Choose wholegrains!
- Add oats, nuts and seeds to your bakes, porridges or yoghurt
- Incorporate more fruit and vegetables into your meals
- Don't forget to add your legumes
- Leave the skin on your potatoes and other root vegetables

ALTERNATIVES

- Legumes:
- beans, peas and lentils
- Tofu & tempeh
- Seitan
- Nuts & Seeds
- Vegetables

- Nutritional
- yeastPlant based
 - meat
- Substitutes
- Plant-based dairy alternatives

- DEL
